TOP CLEAN SOLUTIONS

ALLEGRINI GROUP

Born in 1945 and now present in over 65 countries around the world, Allegrini is today a leading Italian chemical company in the production of professional detergents and cosmetics for the hotel industry, with solutions that are attentive and respectful of the environment through a green thinking attitude applied at every stage of the process.

The reference customers of the various BUs are:

- for the **Detergents Business Unit**: Horeca sector, the Automotive sector, including car washes and workshops, Professional laundry, Healthcare and hospitals, Zootechnics and the entire agro-food chain, Nautical sector.
- the **Cosmetics Business Unit** produces and supplies standard and luxury amenities, both

under its own brand and private labels, targeting the entire hotel world; as well as cosmetics and room fragrances also for the wellness sector. Since 2017 Allegrini has also been present in the world of retail with its own line, Hemp Care, made with a high component of natural ingredients.

- 2023 saw the establishment of the new **Pharma Business Unit**, which offers top Italian pharmacies and parapharmacies a range of Allegrini Pharma-branded products, including soothing hyaluronic acid-based eye drops for contact and non-contact lens wearers, liquid soap with antibacterial properties, nasal spray, and the new beauty care line Blandies, a brand resulting from internal development, consisting of high-performance cosmetic products.
